IDOL - CHICAGO OFFICE

State File No. 2027-H-CC08-2366

- and -

Respondents.

Now comes Northeastern Illinois Chapter of the National Electrical Contractors Association (the “Association”), McWilliams Electric Co., Inc., and Homestead Electrical Construction, LLC (collectively “Petitioners”), by and through their attorneys, Laner Muchin, Ltd., and submit these written objections to the prevailing wage schedules published by the Illinois Department of Labor (“Department” or “IDOL”) on or about July 15, 2026. Petitioners request a hearing pursuant to Sections 4 and 9 of the Illinois Prevailing Wage Act (“Act”), 820 ILCS 130/4 and 130/9, to require certification and publication of the apprentice rates established by the various Inside and Video-Data-Voice Agreements negotiated by and between the Association and Local Unions No. 701, 117, 150, and 461 of the International Brotherhood of Electrical Workers (the “Union”) and the Association, or, in the alternative, to establish separate apprentice classifications in each county covered by the same collective bargaining agreements for the Electrician and Communication Technician Trade Titles.

COUNT I - OBJECTION
IDOL FAILED TO CERTIFY AND PUBLISH THE APPRENTICE RATES REQUIRED BY
SECTIONS 4 AND 9 OF THE ACT

1. The Petitioner Association is a multi-employer bargaining association representing contractor members who perform construction work on public works projects throughout the geographic jurisdiction covered by its collective bargaining agreements with IBEW Local Union Nos. 701, 117, 150, and 461 (the “IBEW Agreements”).

2. Petitioner McWilliams Electric Co., Inc. (“McWilliams”) is an Illinois corporation and a member of the Association.

3. McWilliams is signatory to the various labor agreements by and between the Association and the Union, including: the Inside/Commercial Agreement by and between the DuPage County Division, Northeastern Illinois Chapter, NECA And Local Union 701, IBEW (“Local 701 Inside Agreement”); the Voice-Data-Video Agreement by and between the DuPage County Division, Northeastern Illinois Chapter, NECA and Local Union 701, IBEW (“Local 701 VDV Agreement”); the Inside Labor Agreement, Elgin Division, Northeastern Illinois Chapter, NECA and IBEW Local Union 117 (“Local 117 Inside Agreement”); the International Brotherhood of Electrical Workers Local 150 Inside Agreement (“Local 150 Inside Agreement”); the Inside Agreement made and entered into by and between the Aurora Division, Northeastern Illinois Chapter National Electrical Contractors Association, Inc. and Local Union No. 461, IBEW (“Local 461 Inside Agreement”); and the Voice-Data-Video Agreement made and entered into by and between the Aurora Division, Northeastern Illinois Chapter National Electrical Contractors Association, Inc. and Local Union No. 461, IBEW (“Local 461 VDV Agreement”). McWilliams is further bound to the terms of these labor agreements by virtue of its membership in the Association. True and accurate copies of the Local 701 Inside Agreement, Local 701 VDV Agreement, Local 117 Inside Agreement, Local 150 Inside Agreement, Local 461 Inside Agreement, and Local 461 VDV Agreement are attached as Group Exhibit A.

4. McWilliams is engaged in construction work and employs workers under the established classification of Electrician and Communication Technician on prevailing wage jobsites in Illinois. These workers are covered by the terms of the IBEW Agreements attached as Group Exhibit A, and McWilliams is contractually obligated to pay its employees who are performing work covered by those agreements the wages and fringe benefits described in each respective agreement.

5. The IBEW Agreements attached as Group Exhibit A cover work performed by workers in the electrical and telecommunications industry in DuPage, Kane, Kendall, Lake, McHenry, Cook, and DeKalb Counties (“Affected Counties”). These workers are identified by the Trade Titles “Electrician” and/or “Communication Technician” in the prevailing wage and benefit rates posted by the Department in the Affected Counties.

6. The IBEW Agreements attached as Group Exhibit A identify not only journeyman Electrician and Communication Technician wage and benefit rates, but also include progressive apprentice Electrician and Communication Technician wage and fringe benefit rates.

7. On or about July 15, 2026, the Department published annual prevailing wage schedules for the Affected Counties covered by the IBEW Agreements attached as Group Exhibit A. Those schedules include rates directly ascertainable from the IBEW Agreements attached as Group Exhibit A and the corresponding 2026 wage and fringe benefit rate sheets (“Rate Sheets”) for the Trade Title Electrician and Communication Technician. A true and accurate copy of the Rate Sheets for the IBEW Agreements is attached as Group Exhibit B.

8. By publishing the CBA-derived Electrician and Communication Technician wage and fringe benefit rates on or about July 15, 2026, IDOL necessarily determined that contractor members of the Association, which includes McWilliams, employ at least 30% of workers in the Electrician and Communication Technician Trade Title in the Affected Counties, and therefore, in accordance with Sections 4 and 9 of the Act, the IBEW Agreements attached as Group Exhibit A contain the

prevailing rate of wages and benefits for Trade Title Electrician and Communication Technician in the Affected Counties (“Prevailing CBAs”).

9. Despite that determination, IDOL failed to certify and publish all of the rates established by the same Prevailing CBAs. In particular, while IDOL published journeyman rates, IDOL failed to certify or publish the graduated apprentice Electrician and apprentice Communication Technician wage rates and fringe benefit contributions expressly provided for in the IBEW Agreements attached as Group Exhibit A and the Rate Sheets.

10. Apprentice Electricians and apprentice Communication Technicians covered by the IBEW Agreements attached as Group Exhibit A participate in a Department of Labor-approved apprenticeship and training programs. Those programs incorporate, and are administered consistent with, the graduated apprentice wage rates and fringe benefit contributions established by the IBEW Agreements attached as Group Exhibit A and the Rate Sheets.

11. The rates established pursuant to the IBEW Agreements attached as Group Exhibit A and Rate Sheets include the following progressive apprentice wage benchmarks and related fringe contributions effective June 1, 2026:

* Excludes NECA Service Charge of .60 of 1% of Gross Wages

12. The Department's failure to certify and publish the apprentice wage and relevant fringe benefit rates contained in the Prevailing CBAs results in the publication of an incomplete and inaccurate prevailing wage determination for Electrician and Communication Technician in the Affected Counties. The Department cannot accept the IBEW Agreements attached as Group Exhibit A for purposes of setting the journeyman Electrician and journeyman Communication Technician rates while disregarding the apprentice Electrician and apprentice Communication Technician rates expressly contained in the same Prevailing CBAs.

13. The Petitioners therefore object to IDOL's July 15, 2026, prevailing wage schedules to the extent they omit the apprentice Electrician and apprentice Communication Technician rates established by the Prevailing CBAs.

14. The Department should amend the applicable prevailing wage schedules to include the relevant CBA's apprentice Electrician and apprentice Communication Technician wage and fringe benefit rates in the Affected Counties.

COUNT II - OBJECTION

IDOL FAILED TO CERTIFY AND PUBLISH THE APPRENTICE RATES REQUIRED BY SECTIONS 4 AND 9 OF THE ACT

15. Petitioner Homestead Electrical Construction, LLC ("Homestead") is an Illinois corporation and a member of the Association.

16. Homestead is signatory to the Voice, Data, Video Agreement, Elgin Division, Northeastern Illinois Chapter, NECA and IBEW Local Union 117 ("Local 117 VDV Agreement") and the International Brotherhood of Electrical Workers Local 150 Voice-Data-Video Agreement ("Local 150 VDV Agreement"), and is further bound to the terms of these Agreements by virtue of its membership in the Association. True and accurate copies of the Local 117 VDV Agreement and Local 150 VDV Agreements are attached as Group Exhibit C.

17. Homestead is engaged in construction work and employs workers under the established classification of Electrician and Communication Technician on prevailing wage jobsites in Illinois. These workers are covered by the terms of the IBEW Agreements attached as Group Exhibit C, and Homestead is contractually obligated to pay its employees who are performing work covered by those Agreements the wages and fringe benefits described in each respective Agreement.

18. The IBEW Agreements attached as Group Exhibit C cover work performed by workers in the electrical and telecommunications industry in McHenry, Cook, and Lake Counties. These workers are identified by the Trade Title Communication Technician in the prevailing wage and benefit rates posted by the Department in the relevant Affected Counties.

19. The IBEW Agreements attached as Group Exhibit C identify not only journeyman Communication Technician wage and benefit rates, but also include progressive apprentice Communication Technician wage and fringe benefit rates.

20. On or about July 15, 2026, the Department published annual prevailing wage schedules for the Affected Counties covered by the IBEW Agreements attached as Group Exhibit C. Those schedules include rates directly ascertainable from the IBEW Agreements attached as Group Exhibit C and the corresponding Rate Sheets for the Trade Communication Technician.

21. By publishing the CBA-derived Communication Technician wage and fringe benefit rates on or about July 15, 2026, IDOL necessarily determined that contractor members of the Association, which include Homestead, employ at least 30% of workers in the Communication Technician Trade Title in the Affected Counties, and therefore, in accordance with Sections 4 and 9 of the Act, the IBEW Agreements attached as Group Exhibit C contain the prevailing rate of wages and benefits for Trade Title Communication Technician in the Affected Counties (“Prevailing CBAs”).

22. Despite that determination, IDOL failed to certify and publish all of the rates established by the same Prevailing CBAs. In particular, while IDOL published journeyman rates,

IDOL failed to certify or publish the graduated apprentice Communication Technician wage rates and fringe benefit contributions expressly provided for in the IBEW Agreements attached as Group Exhibit C and the Rate Sheets.

23. Apprentice Communication Technicians covered by the IBEW Agreements attached as Group Exhibit C participate in a Department of Labor-approved apprenticeship and training program. That program incorporates, and is administered consistent with, the graduated apprentice wage rates and fringe benefit contributions established by the IBEW Agreements attached as Group Exhibit C and the Rate Sheets

24. The rates established pursuant to the IBEW Agreements attached as Group Exhibit C and the Rate Sheets include the following progressive apprentice wage benchmarks and related fringe contributions effective June 1, 2026:

25. The Department's failure to certify and publish the apprentice wage and relevant fringe benefit rates contained in the Prevailing CBAs results in the publication of an incomplete and inaccurate prevailing wage determination for Communication Technician in the applicable Affected Counties. The Department cannot accept the IBEW Agreements attached as Group Exhibit C for purposes of setting the journeyman Communication Technician rates while disregarding the apprentice Communication Technician rates expressly contained in that same prevailing CBA.

26. The Petitioners therefore object to IDOL's July 15, 2026, prevailing wage schedules to the extent they omit the apprentice Communication Technician rates established by the Prevailing CBAs.

27. The Department should amend the applicable prevailing wage schedules to include the apprentice Communication Technician wage and fringe benefit rates in the relevant Affected Counties.

COUNT III

REQUEST TO ESTABLISH NEW "ELECTRICIAN APPRENTICE" AND "COMMUNICATION TECHNICIAN APPRENTICE" TRADE TITLES

28. In the alternative, if IDOL contends that apprentice electricians and communication technicians are not presently encompassed within the existing Electrician and Communication

Technician Trade Title, the Association, McWilliams, and Homestead request that IDOL establish separate prevailing wage classifications for “Electrician Apprentice” and “Communication Technician Apprentice” in each Affected County.

29. The appropriate apprentice classifications should track the IBEW Agreements attached as Group Exhibit A, Group Exhibit C, and the Rate Sheet benchmarks, including those detailed in Paragraph 11 and 24 above.

30. The IBEW Agreements attached as Group Exhibit A and C provide specific wage and fringe benefit benchmarks for each apprentice progression level. Those benchmarks should be used to establish the prevailing wage rates for the Apprentice Electrician and Apprentice Communication Technician Trade Titles.

31. The creation of separate apprentice classifications is consistent with the Department’s practice of recognizing distinct classification titles and progression levels where such distinctions are established by a Prevailing CBA.

32. Because the Association and its member contractors, including McWilliams and Homestead, satisfy the thirty percent (30%) standard under Section 4, the IBEW Agreements attached as Group Exhibit A and C’s apprentice rates should be deemed prevailing for the Apprentice Electrician and Apprentice Communication Technician Trade Title in the Affected Counties.

PRAYER FOR RELIEF & REQUEST FOR HEARING

33. The Association, McWilliams, and Homestead request that the Department order and convene a hearing pursuant to Sections 4 and 9 of the Illinois Prevailing Wage Act.

34. At hearing, the Petitioners will present evidence establishing that the IBEW Agreements attached as Group Exhibit A and Group Exhibit C are the Prevailing CBA for the Electrician and Communication Technician Trade Titles in the Affected Counties, that the Association and its member employers satisfy Section 4’s thirty percent (30%) standard, and that the IBEW Agreements attached

as Group Exhibit A and Group Exhibit C contain binding apprentice wage and fringe benefit rates that should be certified and published by IDOL.

WHEREFORE, for the reasons set forth above, Petitioners respectfully request that the Department:

- A. Accept these written objections as timely filed under Sections 4 and 9 of the Illinois Prevailing Wage Act;
- B. Grant the Petitioners' request for hearing;
- C. Determine that the IBEW Agreements attached as Group Exhibit A and Group Exhibit C are the applicable prevailing collective bargaining agreement for the Electrician and Communication Technician Trade Titles in the applicable Affected Counties;
- D. Determine that the apprentice Electrician and apprentice Communication Technician wage rates and fringe benefit contributions established by the IBEW Agreements attached as Group Exhibit A and Group Exhibit C are prevailing rates under Section 4 of the Act;
- E. Amend the July 15, 2026 prevailing wage schedules to include the apprentice Electrician and apprentice Communication Technician wage and fringe benefit rates established by the IBEW Agreements attached as Group Exhibit A, Group Exhibit C, and the Rate Sheets in the Affected Counties; and/or
- F. Alternatively, establish and publish separate "Electrician Apprentice" and "Communication Technician Apprentice" Trade Titles using the graduated wage and fringe benefit structure set forth in the IBEW Agreements attached as Group Exhibit A, Group Exhibit C, and the Rate Sheets; and
- G. Grant such other and further relief as the Department deems just and proper.

Dated: August 14, 2026
