DATE OF NOTICE: September 28, 2018

CERT. MAIL/RETURN RECEIPT:

7017 2620 0001 0467 5587

NOTICE OF HEARING

PLEASE TAKE NOTICE that Joseph Beyer, Director of the Illinois Department of Labor, and the Illinois Department of Labor [hereinafter, "Respondents"] have received from James F. Coyne, as member of PLUMBERS LOCAL 130 U.A. [hereinafter, "Petitioner(s)"] written objections to the prevailing wage determinations posted by the Department on its website on August 15, 2018, and a request for hearing on those objections pursuant to Section 9 of the Prevailing Wage Act [hereinafter, "IPWA" or "Act"], 820 ILCS 130/0.01 et seq.

Pursuant to the PWA, Article 10 of the Illinois Administrative Procedure Act, 5 ILCS 100/10-5 et seq., and 56 Ill. Admin. Code 120.100 et seq., Respondents will convene a hearing on:

DATE: OCTOBER 9, 2018
TIME: 1:00 P.M.
PLACE: ILLINOIS DEPARTMENT OF LABOR
160 NORTH LASALLE STREET, SUITE C-1300
CHICAGO, ILLINOIS 60601

ADMINISTRATIVE LAW JUDGE:

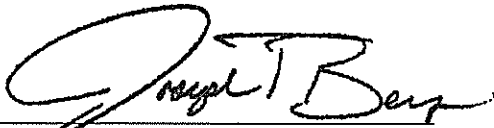

CLAUDIA MANLEY
CHIEF ADMINISTRATIVE LAW JUDGE
ILLINOIS DEPARTMENT OF LABOR
160 NORTH LASALLE STREET, SUITE C-1300
CHICAGO, ILLINOIS 60601

The hearing involves the written objections and hearing request filed by Petitioner(s), attached hereto and made a part hereof (Exhibit A).

The parties and their respective representatives must be prepared to proceed at the hearing. The parties must present all information, documents, records or witnesses necessary to substantiate their position(s) at the hearing.

Pursuant to 56 Illinois Administrative Code 120.640, the administrative law judge shall issue a Decision and Order. In the event no timely or proper exceptions are filed, the findings, conclusions, recommendations and order of the administrative law judge shall automatically become the decision and order of the Director of Labor.

The proceedings are subject to judicial review in accordance with the provisions of the Administrative Review Law, 735 ILCS 5/3-101 et seq. The Director of Labor's determination on the objections is final and binding unless a party to this proceeding applies for and obtains judicial review of the final administrative decision in accordance with the provisions of the Administrative Review Law.

A handwritten signature in black ink, appearing to read "Joseph Eyer". The signature is written in a cursive style with a large initial "J" and "E".

Joseph Eyer
Director of Labor

EXHIBIT A

OBJECTION AND REQUEST FOR HEARING PURSUANT TO 820 ILCS §130/9

Petitioner, James F. Coyne , as a member of Plumbers Local 130, U.A., (known collectively as the "Plumbers Local 130"), by and through their attorney, Gregory W. Hosé of the law firm of Gregorio & Marco, Ltd., formally objects to the Prevailing Wage determination published by the Illinois Department of Labor ("Department") on its website on August 15, 2018, as required by 820 ILCS § 130/9 and requests a hearing on these objections pursuant to Section 9 of the Illinois Prevailing Wage Act (820 ILCS § 130/9). In support, James F. Coyne and Plumbers Local 130 state as follows:

1. James F. Coyne ("Coyne") is a member of the United Association of Journeymen and Apprentices of the Plumbing and Pipefitting Industry of the United States and Canada (the "U.A.") and its constituent, Plumbers Local 130.

2. The U.A. is a national labor organization consisting of the members of Local Plumbing and Pipefitting Unions.

3. Plumbers Local 130 is a local labor organization and an affiliate of the U.A. which represents plumbing workers in 17 counties in Northeast Illinois, including: Bureau, Cook, DeKalb, DuPage, Grundy, Iroquois, Kane, Kankakee, Kendall, Lake, LaSalle, Marshall, McHenry, Putnam, Will and Woodford.

4. Section 9 of the Illinois Prevailing Wage Act states: "The Department of Labor shall during the month of June of each calendar year, investigate and ascertain the prevailing rate of wages for each county in the State." 820 ILCS § 130/9.

5. Section 9 of the Illinois Prevailing Wage Act further states that "[a]t any time within 30 days after the Department of Labor has published on its official web site a prevailing wage schedule, any person affected thereby may object in writing to the determination or such part thereof as they may deem objectionable by filing a written notice with the public body or Department of Labor, whichever has made such determination, stating the specified grounds of the objection. It shall thereafter be the duty of the public body or Department of Labor to set a date for a hearing on the objection after giving written notice to the objectors at least 10 days before the date of the hearing and said notice shall state the time and place of such hearing." 820 ILCS § 130/9.

6. Historically, and as part of the Section 9 Wage determination process, Plumbers Local 130 has submitted Prevailing Wage Certification Forms to the Department.

7. In June 2018, Plumbers Local 130 provided Prevailing Wage information to the Department via its online survey for each county listed in Paragraph 3. These survey responses listed the wage rates and fringe benefits paid to the prevailing wage classification of Plumber in

each of the counties listed in Paragraph 3 beginning June 1, 2018 pursuant to collective bargaining agreements between Plumbers Local 130 and various employer associations. A true and correct copy of the Plumbers Local 130 online survey response to the Department is attached hereto as Exhibit 1.

8. The information provided by Plumbers Local 130 to the Department for the 2018 prevailing wage rate for Plumbers was applicable to the time period of June 1, 2018 through May 31, 2019.

9. Historically, the Department abided by its statutory obligation to ascertain the prevailing rates in the month of June and would then post the Prevailing Wage rates for the Plumber classification consistent with the materials provided by Plumbers Local 130 described above.

10. The Department requested that contractors performing prevailing wage work also answer an online survey regarding their hours worked and wages paid in June 2018.

11. The Department's contractor survey requested that the surveyed contractor provide the wage rate paid in June 2018. (*See* Exhibit 2, the Department Contractor Survey Instructions available at <https://www2.illinois.gov/idol/Laws-Rules/CONMED/Documents/2018%20PW%20Survey/Contractor%20Instructions.pdf>.)

12. On August 15, 2018, the Department posted on its website the 2018 prevailing wage determinations to be effective August 15, 2018 for the Plumber classification in the counties listed in Paragraph 3. A true and correct copy of those determinations is attached hereto as Exhibit 3.

13. On or about August 21, 2018, the Department published on its website its methodology for determining the Prevailing Wage in each county in Illinois. A true and correct copy of the methodology is attached hereto as Exhibit 4. The methodology included:

- Using the sole valid response from a contractor if the Department received only one response for a classification and county combination; and
- Using the sole response of a union if the Department received no contractor responses and only one union response for a classification and county combination.

(Exhibit 4, available at <https://www2.illinois.gov/idol/Laws-Rules/CONMED/Pages/2018-Prevailing-Wage-Methodology.aspx>.)

11. The Department historically has published the prevailing wage rates with an effective date of June 1 of that corresponding year. However, that effective date has been changed to August 15, 2018. 820 ILCS § 130/9.

12. The published prevailing wage, overtime, and fringe benefit rates that have been set by the Department for effect beginning August 15, 2018 do not reflect the rates that are in effect for the period of time encompassed by the survey in several materials respects. Specifically, the Department has chosen the responses of certain contractors that are signatory to collective bargaining agreements with Plumbers Local 130 and that reported the June 1, 2018 wage, overtime, and/or fringe benefit rates to the Department incorrectly.

13. The following contractors' survey responses, which were incorrectly reported, were adopted by the Department:

- | | | |
|----|------------------|--|
| a. | Cook County: | Martin Peterson Company; |
| b. | DeKalb County: | JB Contracting Corp.; |
| c. | DuPage County: | C.R. Leonard Plumbing & Heating, Inc.; |
| d. | Grundy County: | United Meters Inc.; |
| e. | Kane County: | C.R. Leonard Plumbing & Heating, Inc.; |
| f. | Kankakee County: | United Meters, Inc.; |
| g. | LaSalle County: | John Service & Sales; |
| h. | McHenry County: | Jensens Plumbing & Heating; |
| i. | Will County: | Austin Tyler Construction. |

14. All of the contractors listed in Paragraph 13 are signatory to collective bargaining agreements with Plumbers Local 130 and required to pay the base wage, foreman wage, overtime, and fringe benefit contribution rates provided in the collective bargaining agreement. For all counties except Kankakee and Iroquois, beginning June 1, 2018, those wage and benefit rates are:

Base Wage	Foreman Wage	MF-OT	OSA	OSH	H/W	Pension	Vacation	Training	Total
\$50.25	\$53.25	1.5	2.0	2	\$14.34	\$14.42		\$1.31	\$80.32

15. Beginning June 1, 2018, the wage, overtime and fringe benefit rates for Kankakee and Iroquois as provided by the applicable collective bargaining agreement are as follows:

Base Wage	Foreman Wage	MF-OT	OSA	OSH	H/W	Pension	Vacation	Training	Total
\$47.36	\$50.20	1.5	2.0	2	\$14.34	\$14.42		\$1.31	\$77.43

16. The Department's published rate in certain counties will result in the loss of wages for Plumbers Local 130 members as certain collective bargaining agreements between Plumbers Local 130 and various employers provide that Plumbers Local 130 members will be paid for the period according to the submitted wage and benefit package which is higher than the rate certified by the Department to be effective August 15, 2018. In other counties, the Department's wage rate is too high and will result in harm to contractors performing prevailing wage work in the applicable county.

17. The following rates are incorrect and should be modified:

- a) Bureau, Marshall (N Region), and Putnam Counties, modify all rates as follows:

Base Wage	Foreman Wage	MF-OT	OSA	OSH	H/W	Pension	Vacation	Training	Total
\$50.25	\$53.25	1.5	2.0	2	\$14.34	\$14.42		\$1.31	\$80.32

b) Iroquois and Kankakee Counties:

Base Wage	Foreman Wage	MF-OT	OSA	OSH	H/W	Pension	Vacation	Training	Total
\$47.36	\$50.20	1.5	2.0	2	\$14.34	\$14.42		\$1.31	\$77.43

- c) Cook County: reduce the Training rate from \$1.70 to \$1.31 and increase the Holiday Overtime rate from 1.5 to 2.0;
- d) DuPage, Grundy, Kane and Kankakee Counties: increase the Pension rate from \$13.35 to \$14.42;
- e) Kendall County: increase the Base Wage from \$50.20 to \$50.25;
- f) Grundy, Kendall and Will Counties: set the foreman rate at \$53.25 per hour;
- g) McHenry County: increase the Health/Welfare rate from \$12.09 to \$14.34 and reduce the Pension rate from \$16.67 to \$14.42;
- h) DeKalb and LaSalle Counties: reduce the Training rate from \$1.70 to \$1.31;
- i) Will County: reduce the Health/Welfare rate from 14.50 to \$14.34 and increase the Training rate from \$0.01 to \$1.31

18. Petitioner requests that the Department modify the prevailing wage determinations in Bureau, Cook, DeKalb, DuPage, Grundy, Iroquois, Kane, Kankakee, Kendall, Lake, LaSalle, Marshall, McHenry, Putnam, Will and Woodford Counties and make such modification retroactive to August 15, 2018.

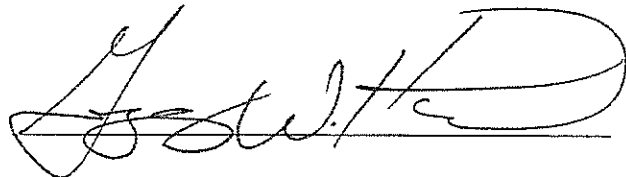

19. Alternatively, Petitioner requests that the Department exercise its authority under 820 ILCS § 130/9, to publish new prevailing wage rates in Bureau, Cook, DeKalb, DuPage, Grundy, Iroquois, Kane, Kankakee, Kendall, Lake, LaSalle, Marshall, McHenry, Putnam, Will and Woodford Counties that are consistent with these requests at the earliest possible date.

WHEREFORE, for the reasons set forth above the Petitioner, James F. Coyne, as a member of Plumbers Local 130, U.A., objects to the Prevailing Wage determination posted on the Department's official website on August 15, 2018 and respectfully request a hearing on these objections pursuant to 820 ILCS § 130/9 as it is the rate in effect since August 15, 2018.

Alternatively, Petitioner, James F. Coyne, as a member of Plumbers Local 130, U.A. requests that the Department exercise the discretion granted it by 820 ILCS § 130/9 to publish prevailing wage rates more than once per year and modify the prevailing wage for the classification of Plumber as set forth in Paragraph 17 for all counties requested.

Respectfully Submitted,

JAMES F. COYNE, as a member of PLUMBERS
LOCAL 130, U.A.

Contractor Trades Information (Screen B)

Please review your list of Trades/Counties, and make any updates needed. Press the "Add New Trade/County (Screen C)" button to add a new Trade/County to your list. Use the "Edit," "Delete," and "Copy" functions to update items on the list. When you are finished, please press the "Certify" button to officially record your information.

Company Name: Construction Company DOL USER ID: CR99130879

ADD CONTRACT SURVEY INSTITUTIONS

Trades List

Did you perform any public works construction projects from 6/1/2017 through 5/31/2018? Yes No
This includes any project regardless of whether it was awarded by competitive bidding, purchase order, or any other method.

Are your employees' wages and benefits determined under a collective bargaining agreement? Yes No

Please include **ALL** Trades/Counties used.

Add New Trade/County (Screen C)

Trade Name / SOC Code	County	Class / Type	Total Hours Worked	Action
CARPENTER (6422)	Champaign	1 BLD	500.00	Edit Copy Delete

Showing 1 to 1 of 1 entries

Certify

This screen allows you to enter information about trades and counties in which your company performed public works construction projects between June 1, 2017 and May 31, 2018. Certain fields on the screen may already be populated based on prior survey responses. If fields on this screen are already populated, please review to ensure all information is complete and accurate.

NOTE: A public works project is any fixed work construction project constructed or demolished by any public body (i.e., government entity) or that is paid for wholly or in part out of public funds. **If you have any questions about whether a project your company performed work on qualifies as a public works project, please contact DOL at 312-793-1585 or email DOL.PWSurvey@illinois.gov.**

After you have answered the two yes/no questions on this screen, and assuming your company performed public works projects in Illinois during the relevant time period, you may use this screen to update information about work performed in trades and counties already listed and/or to add new trades and counties where your company performed work on public works projects. Each time you add or update such information on Screen C (as explained below), you will be re-directed back to this screen, and may continue to add new entries and/or update information in existing entries until your response to this portion of the survey is complete.

- If you are entering information for a new trade, class, or type of work, or a new geographical area, select **<Add New Trade/County (Screen C)>**. You will be directed to Screen C. (Please note, you may add as many new trades as needed to reflect work performed by your company on public works projects in Illinois between June 1, 2017 and May 31, 2018.)
- You can also edit information previously provided for an already-listed trade by selecting **<Edit>** in the Action column of the row. Again, you will be directed to Screen C, where you will be able to edit previously submitted information.
- You can delete an entry by selecting **<Delete>** in the action column of the row. You will be presented with a pop-up box to confirm that you wish to delete the listed information.
- *If you are providing information for the same trade but in a different county or for a different trade at the same wage and benefit rates, select **<Copy>** from the Action column and the previously entered wage/benefit information will appear in a new entry. You will then have the opportunity to make edits on Screen C.*

When you have finished inserting entries for all trades and counties where your company performed work, select **<Certify>** to official record your responses. You will then be directed to the certification page. (The certification process is explained further below.)

SCREEN C – Entering Wage and Benefit information by Trade and County

[instructions continue on the following page.]

This screen allows you to edit information from previous entries, or to add a new entry. For each new entry provided on Screen B, you will be given the opportunity to add/edit information on this screen, and will then be returned to Screen B.

To begin adding a new trade or editing an existing trade:

From the drop-down menu, select a trade in which workers represented by your organization worked on public works projects from June 1, 2017 through May 31, 2018. The combination of trade, county, geographic division, class, and type is limited according to existing classifications. If your company paid workers on public works projects in multiple trades, you should create a separate entry for each such trade.

- **County:** From the drop-down menu, select a county in which your company worked on one or more public works projects between June 1, 2017 and May 31, 2018. If your company performed work on public works projects in more than one county, you will need to create a separate entry for each county.
- **Trade:** From the drop-down menu, select a trade in which your workers were engaged on public works projects in the selected county between June 1, 2017 and May 31, 2018.
- **Geographic Division:** In some counties, rates for work on public works projects in certain trades can depend on where in the county the work was performed. From the drop-down menu, please select the part of the county (if applicable to the county and trade selected) in which your company performed work in the selected trade. If you are uncertain as to which geographic division (if any) may apply to the work in question, please contact DOL at 312-793-1585 or DOL.PWSurvey@illinois.gov.
- **Type:** In some trades and in some counties, rates for work on public works projects can depend on the specific type of work performed. If wages or benefits change according to the type of work performed in the selected trade and county, enter the type here. If you are uncertain as to which type (if any) may apply to the work in question, please contact DOL at 312-793-1585 or DOL.PWSurvey@illinois.gov.
- **Class:** In some trades and in some counties, rates for work on public works projects may vary based on class subdivisions. If wages or benefits change according to the class of work performed, enter the class number here. If you are uncertain as to which class (if any) may apply to the work in question, please contact DOL at 312-793-1585 or DOL.PWSurvey@illinois.gov.

1. **Number of workers:** Enter the number of workers your company employed to perform work on public works projects in this trade and county between June 1, 2017 and May 31, 2018.

2. **Hours worked on public works:** Enter the number of hours workers your company employed to perform work on public works projects in this trade and county between June 1, 2017 and May 31, 2018.

NOTE: *If a worker performed work on a public works project in this county in different classes and/or types of work within a single trade, or performed work in a different trade in this county between June 1, 2017 and May 31, 2018, that worker's hours and pay should be apportioned appropriately among the different categories.*

3. **Hourly wage paid on public works:** Enter the hourly base wage paid to workers during the month of June 2018 on public works projects for the trade, county, geographic division (if applicable), class (if applicable), and type (if applicable).

4. **Foremen:** If you employed foremen on public works for the trade, county, geographic division (if applicable), class (if applicable), and type (if applicable) between June 1, 2017 and May 31, 2018, and continued to do so during the month of June 2018, please provide a separate entry for foreman wages and benefits. A foreman is an employee who performs construction work while supervising other construction workers. Employees whose duties are primarily administrative or supervisory should not be considered foremen. If you answer "yes" in response to question 4, question 4a will appear.

- 4a. This question will appear if you indicated that you employed foremen on public works in the trade, county, geographic division, class, and type. Enter the hourly base wage paid during the month of June 2018 to foremen on public works projects for the trade, county, geographic division (if applicable), class (if applicable), and type (if applicable).
5. **Hourly cost for health insurance/welfare:** Enter the hourly contributions for health insurance/welfare made during the month of June 2018 on public works projects for the trade, county, geographic division (if applicable), class (if applicable), and type (if applicable).
6. **Hourly cost for pension/retirement:** Enter the hourly required contributions for pension/retirement made during the month of June 2018 on public works projects for the trade, county, geographic division (if applicable), class (if applicable), and type (if applicable).
7. **Hourly cost for vacation:** Enter the hourly required contributions for vacation made during the month of June 2018 on public works projects for the trade, county, geographic division (if applicable), class (if applicable), and type (if applicable).
8. **Hourly cost for training:** Enter the required contributions for training made during the month of June 2018 on public works projects for the trade, county, geographic division (if applicable), class (if applicable), and type (if applicable).
- If benefits are paid by the employer on some basis other than hourly, the employer's contribution should be calculated on an annual basis, then divided by 2,080 hours to establish an annualized hourly value. The 2,080 hours may be adjusted as appropriate for part-time or seasonal work.*
9. **Additional compensation paid for prevailing wage compliance:** Enter the hourly amount paid to workers during the month of June 2018 on public works projects for the trade, county, geographic division (if applicable), class (if applicable), and type (if applicable), to compensate for the difference between benefits ordinarily paid by the employer and the benefit package that is considered to prevail for the trade and county, geographic division (if applicable), class (if applicable), and type (if applicable).
10. **Overtime Practice:** From the drop-down menu, choose the option that most closely resembles the rule governing overtime for the workers in question. The options are: after 8 hours in a day, after 40 hours in a week, or salaried position with no overtime
- 11-14. **Overtime, Weekend, and Holiday Pay Rates** Enter the hourly wage multiplier applicable for overtime hours worked during the regular work week (Monday through Friday) as well as wage multiplier applicable on Saturdays, on Sundays, and on major holidays. The multiplier given should be for wages you pay regularly.
- Notes:** Enter any additional explanation that assist the Department of Labor in understanding the information you are providing.

When you have finished entering all required fields (*), select <SAVE>. You will be returned to the Contractor Trades Information screen (Screen B). If you select <CANCEL>, no data entered will be recorded.

2018 Prevailing Wage Methodology

After posting Statewide 2018 prevailing wage rates on August 15, 2018, the Department of Labor has received a number of inquiries regarding specific posted rates. In an effort to answer these and future inquiries, the Department offers the following explanation of its process for ascertaining, investigating, and determining the 2018 rates.

During the month of June 2018, the Department conducted a comprehensive, on-line survey of wage and fringe benefit rates paid to workers in various established categories of work on public works projects in Illinois between June 1, 2017 and May 31, 2018. The survey solicited information from Illinois-based companies who engaged in construction or demolition work, as well as from unions whose members likely performed such work in Illinois.

The union portion of the survey asked respondents to provide information about what categories of work their members performed (based on trade categories and sub-categories the Department had previously used in connection with ascertaining and publishing prevailing wage rates), and in which Illinois counties members had performed such work. The union portion of the survey asked respondents to provide the hourly rate of wages and fringe benefits members were to be paid during the month of June 2018 for work performed in each relevant category and county. Respondents were also required to email the Department copies of collective bargaining agreements or other documentation that would show that the rates contained in their responses were in effect during the month of June 2018. The full format and text of the union portion of the survey, as well as instructions for filling it out, can be found [here \(/idol/Laws-Rules/CONMED/Documents/2018%20PW%20Survey/Union%20Instructions.pdf\)](/idol/Laws-Rules/CONMED/Documents/2018%20PW%20Survey/Union%20Instructions.pdf).

The contractor portion of the survey asked respondents to advise whether they had performed any work on public works projects in Illinois between June 1, 2017 and May 31, 2018. Respondents indicating they had not performed any such work were not permitted to continue to submit information in response to the survey. Respondents who indicated they had performed such work were asked to provide information regarding what categories of work they performed (based on the same established trade categories and sub-categories used in the union portion of the survey), and in which Illinois counties such work was performed. The contractor portion of the survey asked respondents to advise how many hours workers employed by respondents had spent performing work in each relevant category and county between June 1, 2017 and May 31, 2018, and to provide the hourly wage and fringe benefit rates paid during the month of June 2018 to workers performing such work. The full format and text of the contractor portion of the survey, as well as instructions for filling it out, can be found [here \(/idol/Laws-Rules/CONMED/Documents/2018%20PW%20Survey/Contractor%20Instructions.pdf\)](/idol/Laws-Rules/CONMED/Documents/2018%20PW%20Survey/Contractor%20Instructions.pdf).

After the survey closed, the Department compiled and organized survey data. As part of this process, the Department discounted certain contractor responses because, after appropriate follow-up with relevant respondents, the Department determined these responses contained erroneous information. Likewise, the Department discounted certain union responses, either because the respondent failed to submit to the Department a collective bargaining agreement or other documentation confirming the submitted rates were in effect during the month of June 2018, or because, after reviewing the respondent's submitted documentation, the Department determined that the submitted rates were not in effect during the month of June 2018. The remaining responses were considered valid.

For each of the over 6,000 rate "combinations" (that is, categories and/or sub-categories of work in each Illinois county), the Department determined which valid response for that combination contained rates that "prevailed"—that is, which wage and fringe benefit rates contained in a valid survey response should be published as the prevailing wage rates for that combination. The Department's determinations were based on the following criteria, which were applied uniformly and consistently across each of the 6000+ combinations:

- If the Department received one—and only one—valid response from a contractor for the combination, the Department published the wage and fringe benefit rates contained in that response as the prevailing wage rates for the combination.
- If the Department received more than one valid response from contractors for the combination, the Department published the wage and fringe benefit rates contained in the response submitted by the contractor indicating that it had worked the most hours in the combination between June 1, 2017 and May 31, 2018 as the prevailing wage rates for the combination.
- If the Department received no valid responses from contractors, and a valid response from one—and only one—union, for the combination, the Department published the wage and fringe benefit rates contained in that response as the prevailing wage rates for the combination.
- If the Department received no valid responses from contractors, and a valid response from more than one union, for the combination, the Department published the wage and fringe benefit rates contained in the response submitted by the union who, Department records indicated, had, in prior years, submitted wage and fringe benefit rates that the Department had published as the prevailing wage rates for the same combination in those years.
- Finally, if the Department received no valid responses at all for the combination, the Department republished the previously published rates for the combination.

In order to present a complete picture of how these criteria were applied in each case, the Department is providing [here \(/idol/Laws-Rules/CONMED/Documents/2018%20PW%20Survey/2018%20Prevailing%20Wage%20Survey%20Responses.xls\)](#) the full set of valid responses the Department received in response to the 2018 survey. For ease of reference, the dataset also includes union responses deemed not to be valid because the respondent did not provide the required confirming documentation. The dataset includes each combination for which the Department received at least one valid response and/or invalid union response, the names of all entities who provided such responses, the hourly wage and fringe benefits each such entity reported were paid (or payable) to workers in the combination during the month of June 2018, and, in the case of entities who responded to the contractor portion of the survey, the number of hours the entity reported were worked in the combination between June 1, 2017 and May 31, 2018.

Pursuant to the Prevailing Wage Act, parties who disagree with the Department's determination of specific prevailing wage rates are entitled to file an objection and request a hearing. Such filing must be received by the Department within thirty days of the publication of rates to be considered timely.
