A large Ferris wheel is the central focus, illuminated with warm lights against a deep blue twilight sky. The wheel's spokes and passenger cars are clearly visible. In the background, the dark silhouette of a roller coaster track winds through the scene, with some lights visible on its structure. The overall atmosphere is that of a busy fair or amusement park at dusk.

- If your company has been issued permits in previous years, select **“Request Access to Another Company”** and search for your company name.

A screenshot of a web portal titled "Amusement Ride and Attraction Safety". The header includes the Illinois Department of Labor logo and the title. Below the title is a dark blue bar. The main content area has a white background with the text "Select which company you would like to access from the list below:". There are two buttons: "Request Access to Another Company" and "Create New Owner/Company". At the bottom, there is a dark blue footer with "Contact Information", "Springfield: 217-782-9347", "Email Support: DoL.Rides@Illinois.gov", and the "ILLINOIS.gov" logo. The name "Governor JB Pritzker" is visible in the bottom right corner of the footer.

A large Ferris wheel is the central focus, its structure illuminated against a twilight sky of deep blue and purple. Below the wheel, the silhouettes of other fairground rides, including a roller coaster, are visible. The scene is lit with the warm glow of the setting sun, creating a vibrant background for the text.

Submitting Routes and Documents

Homepage / Where to Start

- After creating your company or gaining admin access, you will be redirected to the homepage. Click the **“Enter Routes”** hyperlink or select the **“Routes”** tab on the left-hand menu.

- Before starting your application, you must enter a route. This step is required to complete your application, as the route tells the inspector when and where to arrive for your inspection.

The screenshot shows the "Amusement Ride and Attraction Safety" website. At the top left is the Illinois Department of Labor logo. The main header is "Amusement Ride and Attraction Safety". Below the header is a dark blue navigation bar with a user profile "Vo, Wilson". A pink notification bar states: "You have a fine. Please click on Fines to the left to pay". The left sidebar menu includes: Home, Company, Insurance, Third Party Inspection, Rides, Owner, Applications, **Routes** (highlighted), Users With Access, Steps to Submit an Application, and Pay Fines. The main content area is titled "Department of Labor Amusements Application Steps". It includes a note: "Steps to complete an application for permits. This website is replacing the old online form." followed by two bullet points:

- **Routes**: The DOL requires amusement operators to submit a route sheet for each route on the route list. You must enter at least one route before you will be able to submit an application. ANY routes that are within one month of opening will have an additional inspection fee of \$250 added to their total on checkout. Please indicate any routes that will require an inspection for permitting. Below this is a yellow button labeled "Enter Routes".
- **Rides Application**: Begin an application and select the rides you wish to have inspected. Below this is a blue link "Application(s) for Permits".

 At the bottom of the main content area is a dark blue button labeled "Create New Owner/Company".

Entering the Route

Click on the “**Year**” hyperlink.

Click on the “**Create New Route**” button.

Entering the Route pt.2

- Please complete the route form and be sure to check the **“Initial Permit”** checkbox. Without it, the route will not appear during the application process.

- We recommend scheduling your routes at least **30 days in advance** and between **Tuesday and Friday**. Routes scheduled less than 30 days in advance will incur a **\$250 expedited fee**. Routes scheduled for **Saturday through Monday** will incur a **\$500 expedited fee**.

Note: An inspector will contact you to finalize the schedule, but we strongly encourage planning accordingly.

Route Definitions

Route: A route is a scheduled itinerary submitted by all operators of amusement rides and attractions in the state of Illinois. A mobile amusement or inflatable attraction operator outlines the specific locations, dates, and times where equipment will be set up and open to the public. An operator with a permanent location will input the information for that location. This information is submitted in advance of an inspection to the Illinois Department of Labor to ensure proper inspection, safety compliance, and oversight. The route serves not only as a notification to the Illinois Department of Labor for compliance tracking, but also as a directive for inspection coordination. If an initial permit inspection is required, the route specifies the exact setup location and time so that inspectors know where and when to arrive for safety evaluations prior to equipment use.

Arrival Date: The date on which the amusement equipment and operators are scheduled to arrive and begin setup at the event location.

Open Date: The date on which the event opens to the public and amusement rides and attractions are scheduled to begin operation. This date must be after the arrival date/time.

Close Date: The last day and time the event is open to the public and the amusement rides and attraction will be in operation. For fixed-location entities with a permanent location the close date is typically December 31 of that year, which aligns with the expiration of the permit to operate.
